be invited here in thirty days to consider Belton's offer. This town has been thrown into a state of excitement by a report which was current to-day that gold in richly paying quantities was discovered a short distance beyond the city. About a week ago a stranger came here from Millican, procured an office, and proceeded to conduct his operations very quietly and with closed doors. Several curious people invaded his den, and the stories they brought back caused a deal of excitement and curlosity. To-day your reporter and curlosity. To-day your reporter canght the stranger away from his hole and interviewed him. His name is George Cock, and he is an assayer, prospecting mineral series and practical miner. He came by the year \$120.00, payable monthly. Apply \$36, west Firth asset.
